01

Standardprodukte

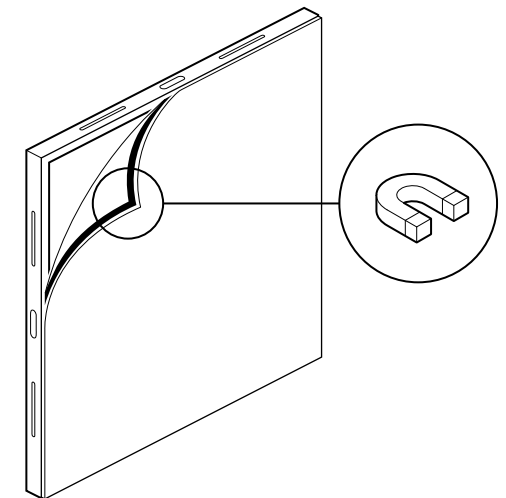

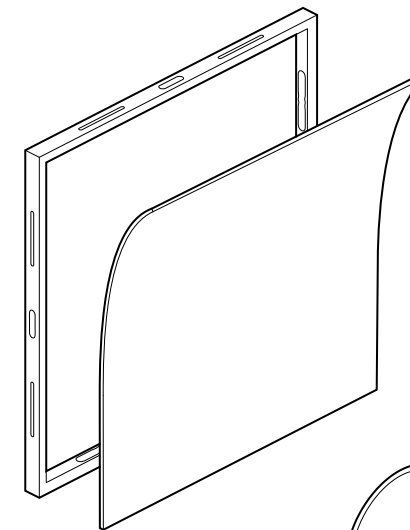

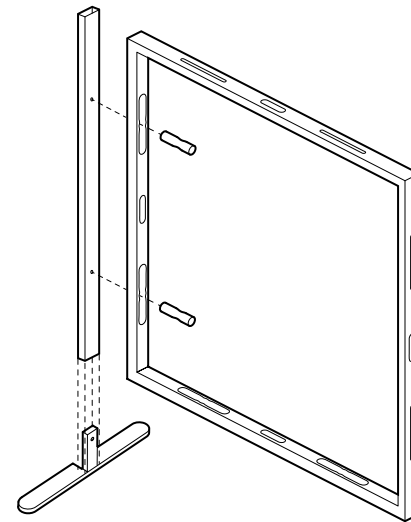

02

So geht`s los

Pro Tipp!

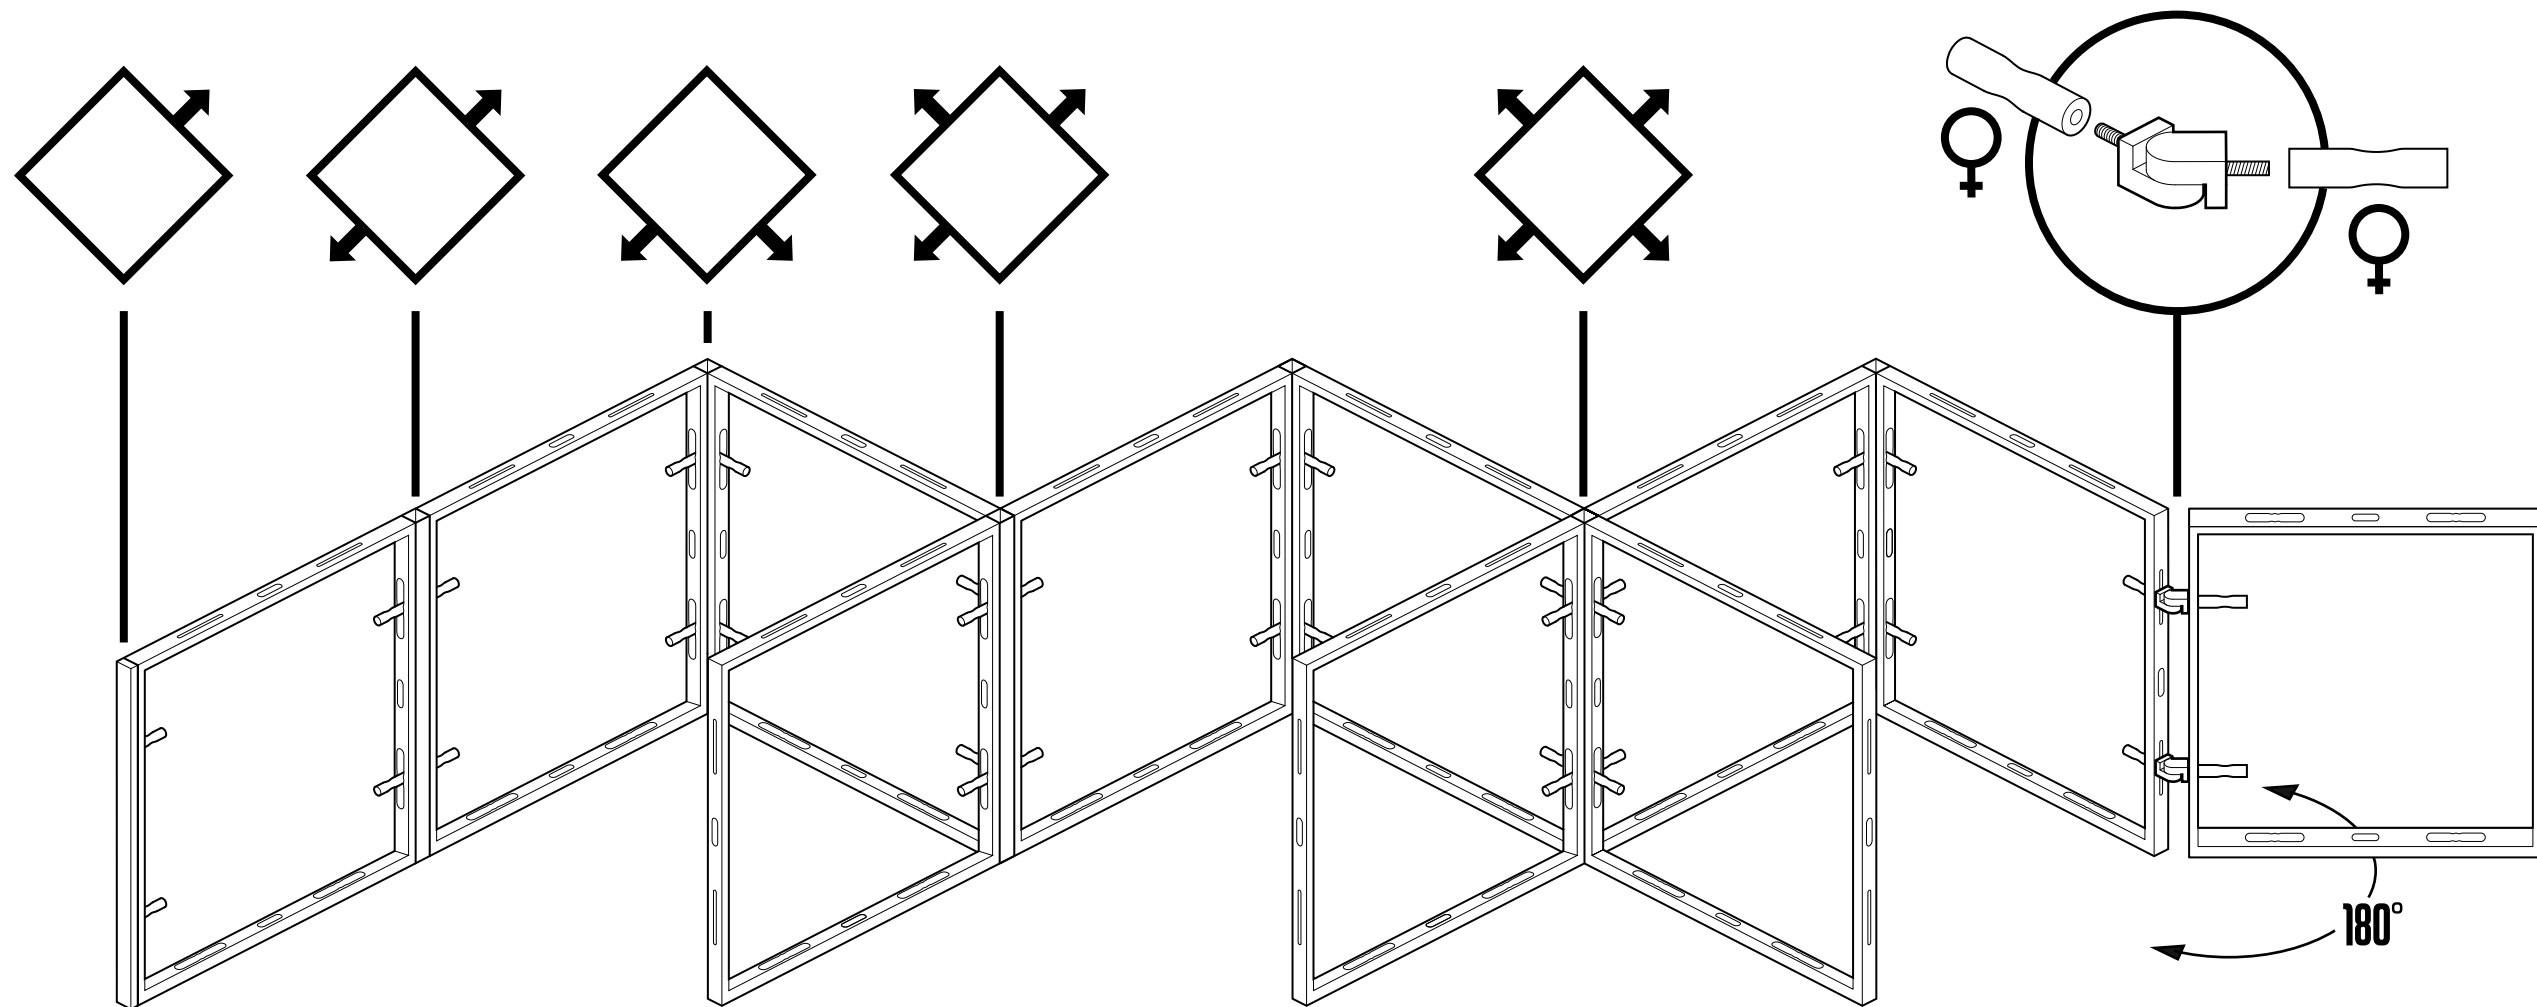

Beginnen Sie immer mit einem Eckprofil oder Standfuß, um stabil zu starten.

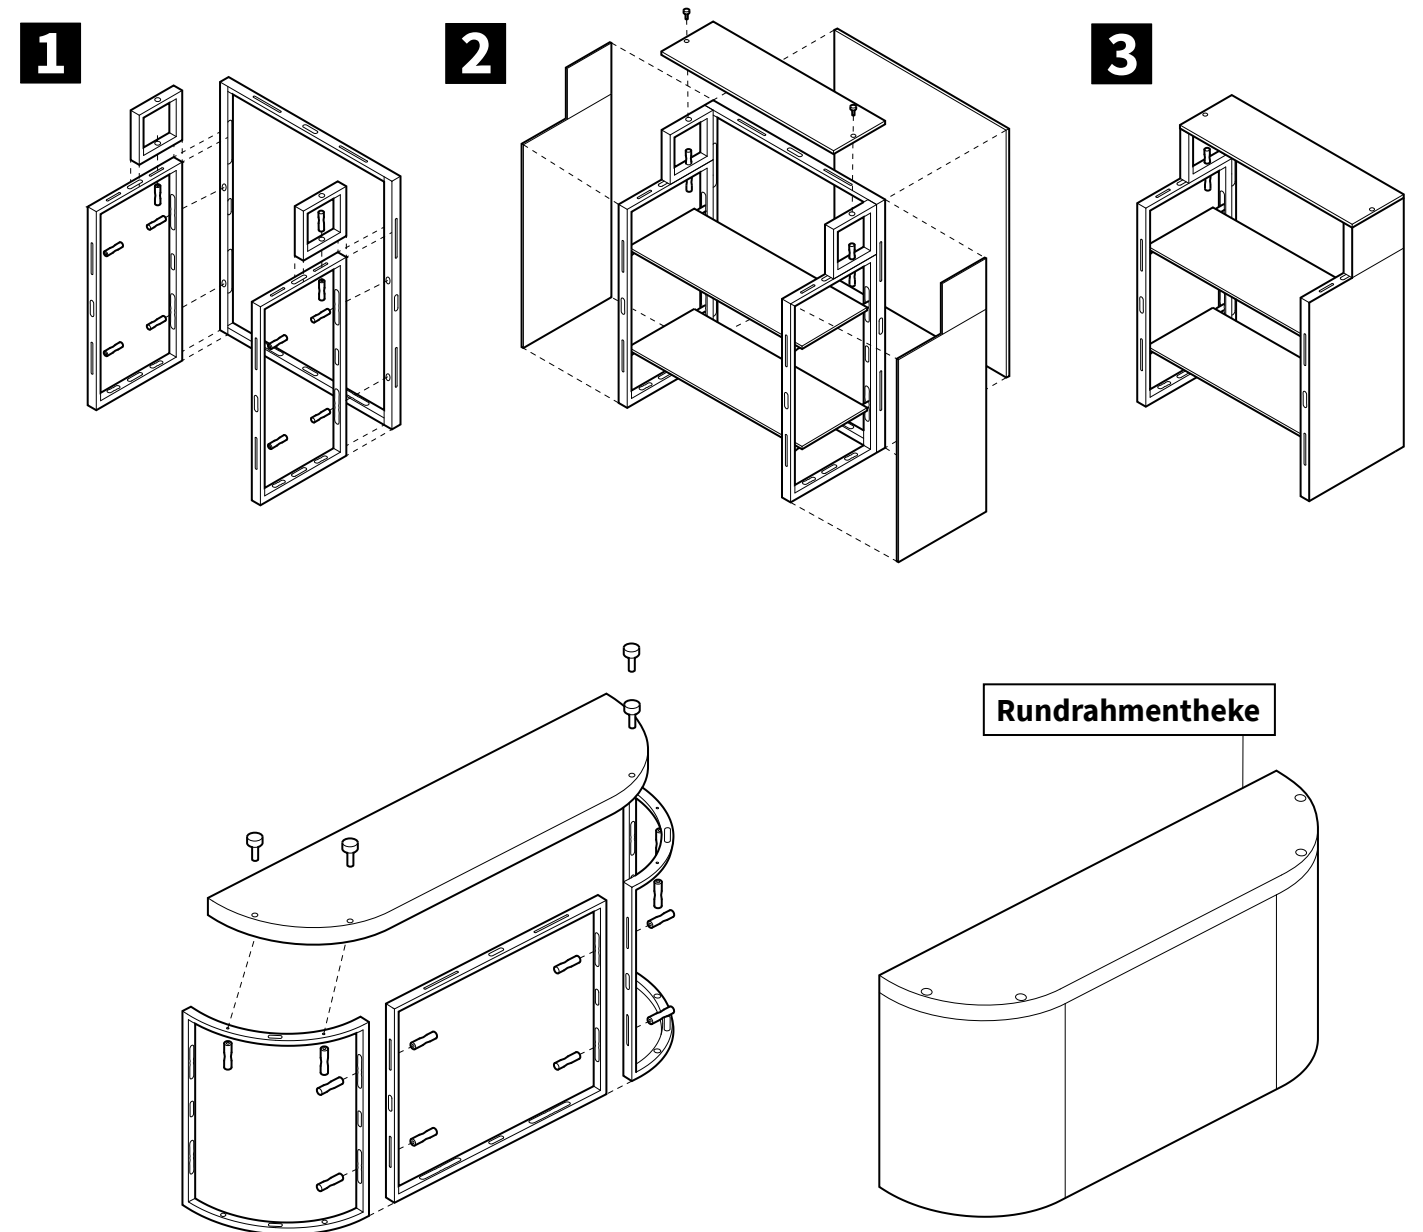

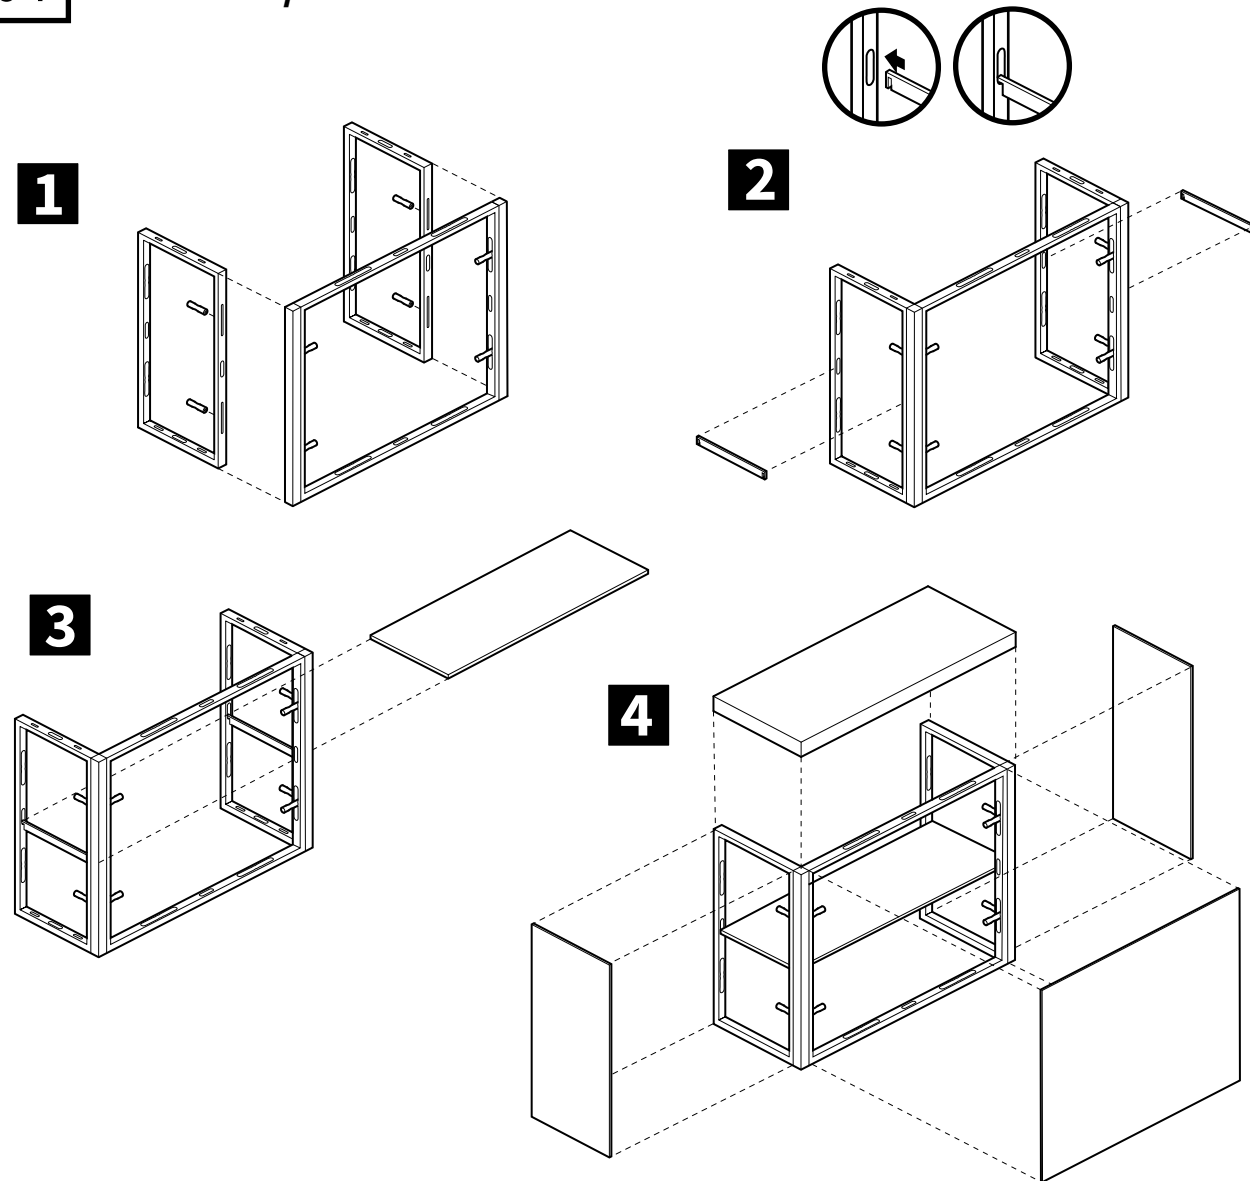

Saugnapf

Pro Tipp!

Paneele am Besten mit dem ayble - Saugnapf entfernen.

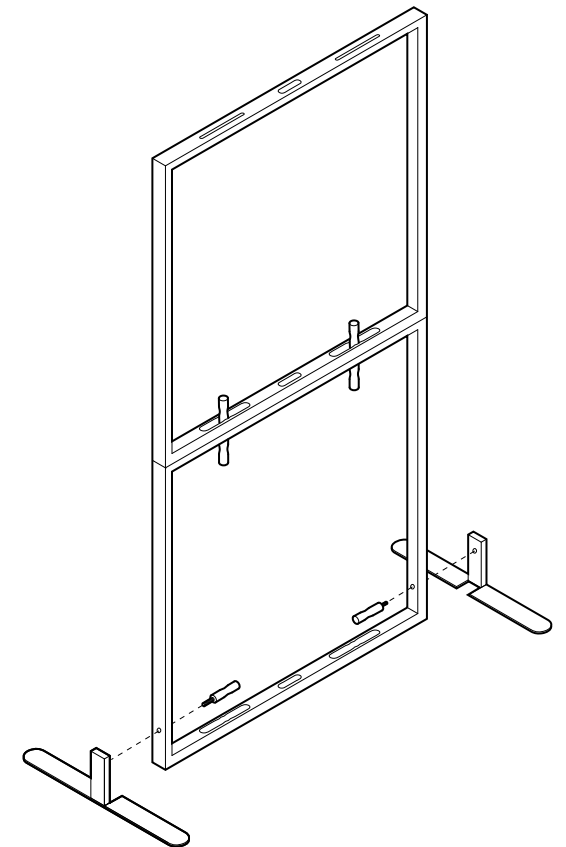

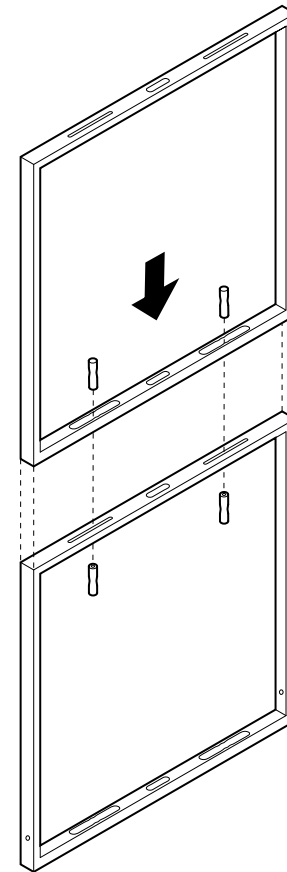

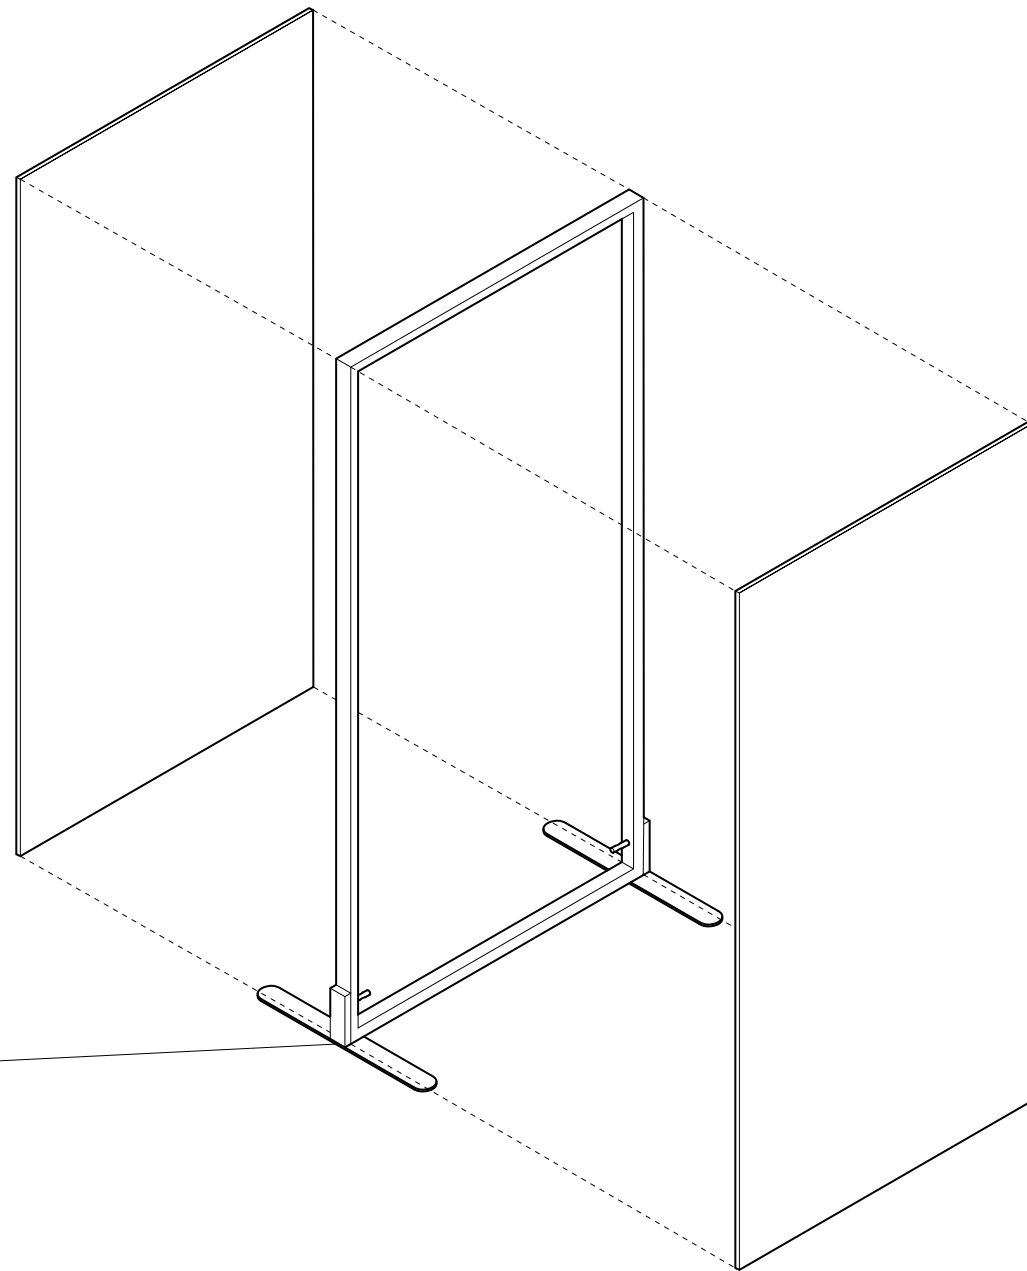

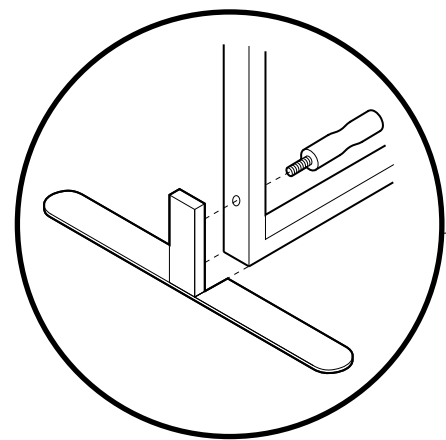

04 **Theke / Bartheke**

05

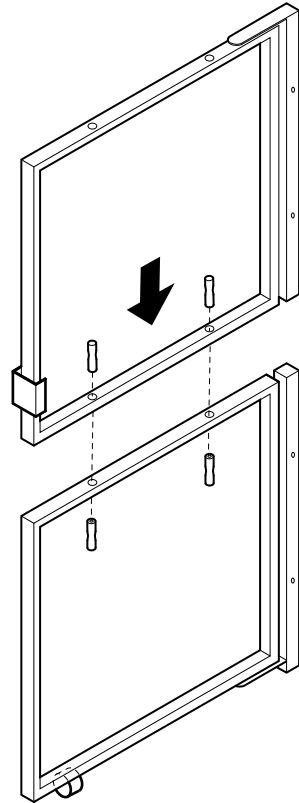

Stelen

3

TV - Paneel

TV

Pro Tipp!

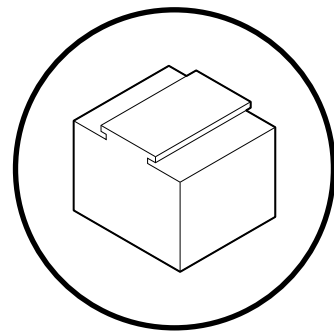

Ziehen Sie zur Befestigung die
beiliegende TV - Anleitung hinzu.

11

Lampe

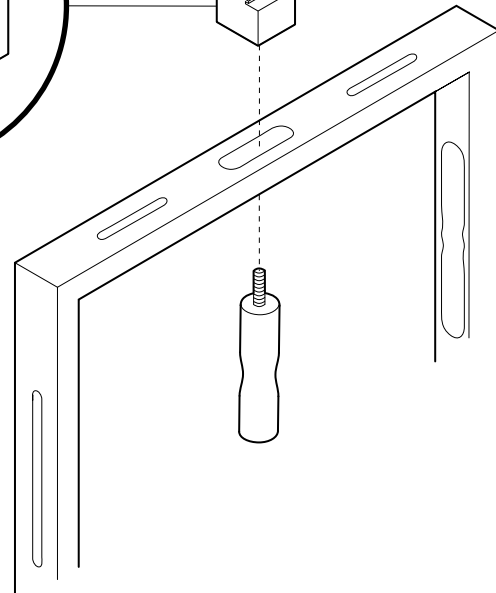

Mountingcube

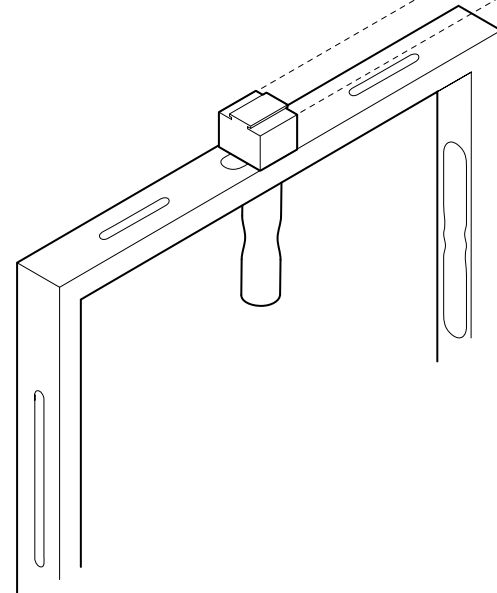

Pro Tipp!

Verschrauben Sie zuerst den Mountingcube, bevor Sie die Lampe befestigen.

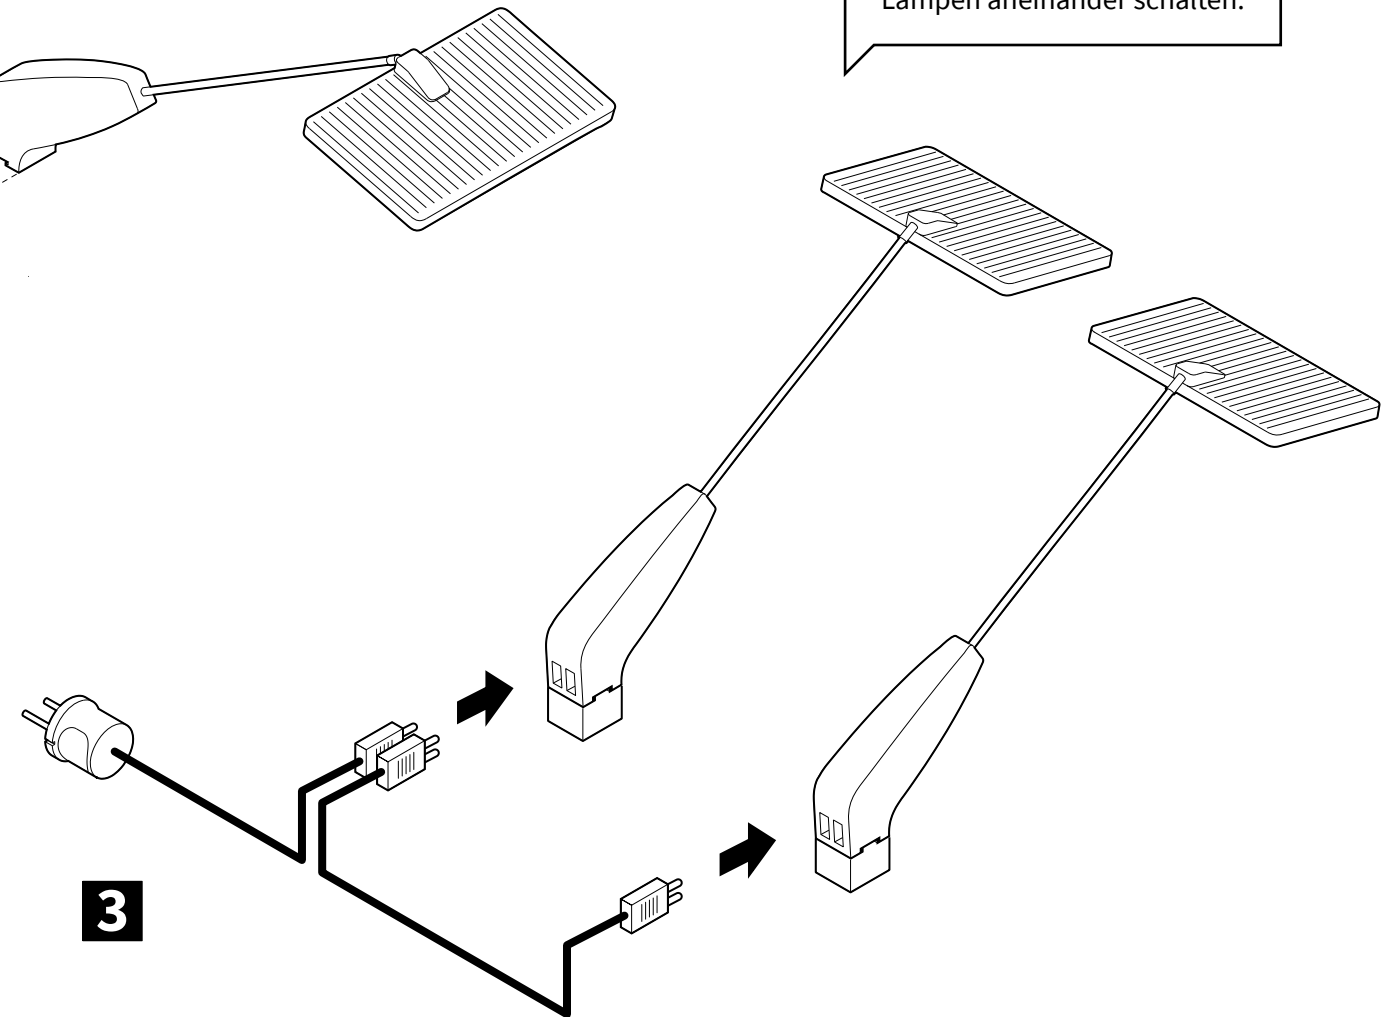

1

2

3

Pro Tipp!

Mit den Verbindungskabeln lassen sich beliebig viele Lampen aneinander schalten.

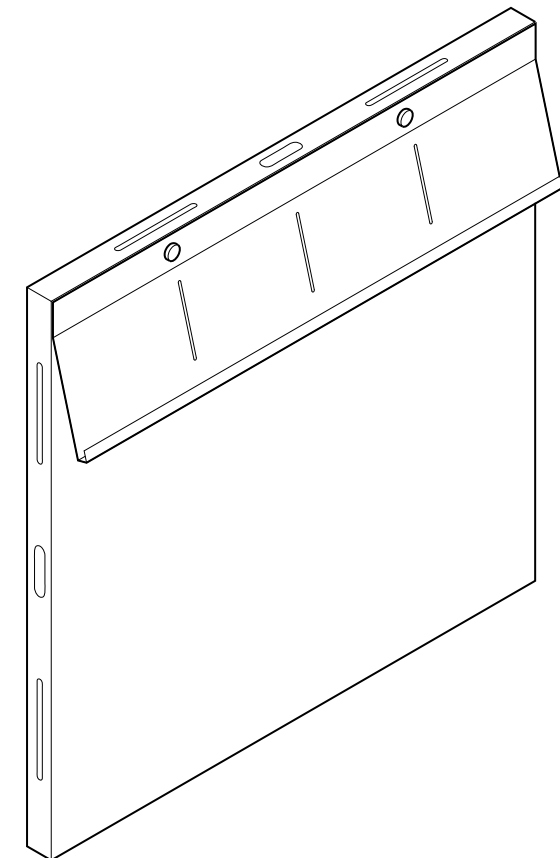

12

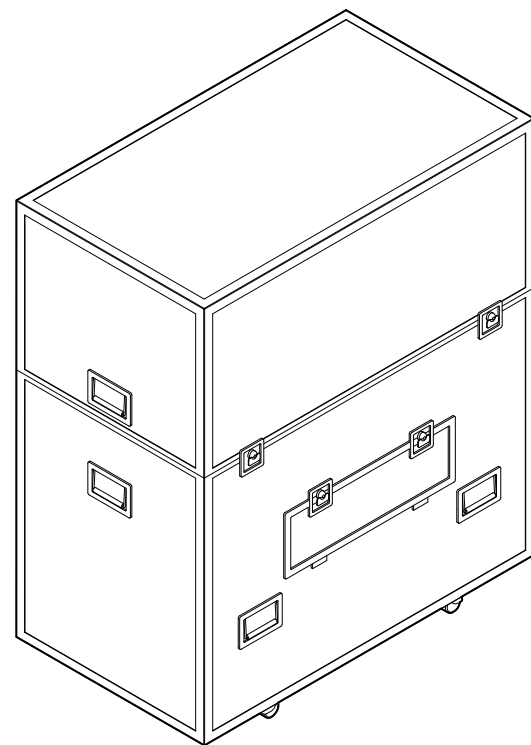

Prospekthalter

Pro Tipp!

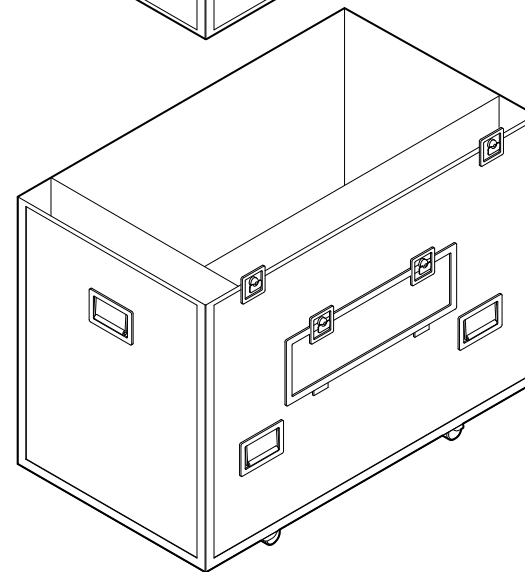

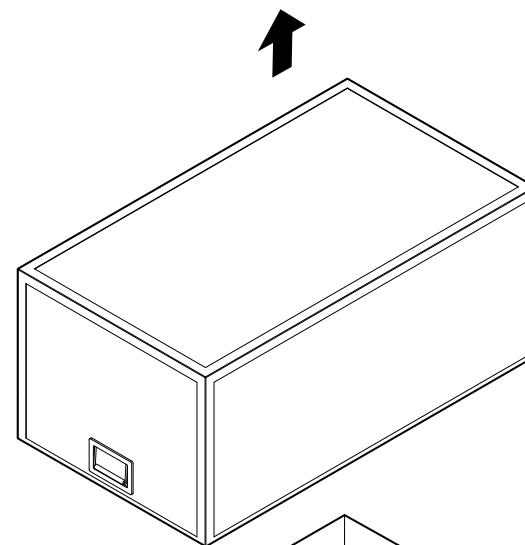

Beim technischen Profil das 5 cm
kürzere Paneel verwenden.

Rahmen + technisches Profil

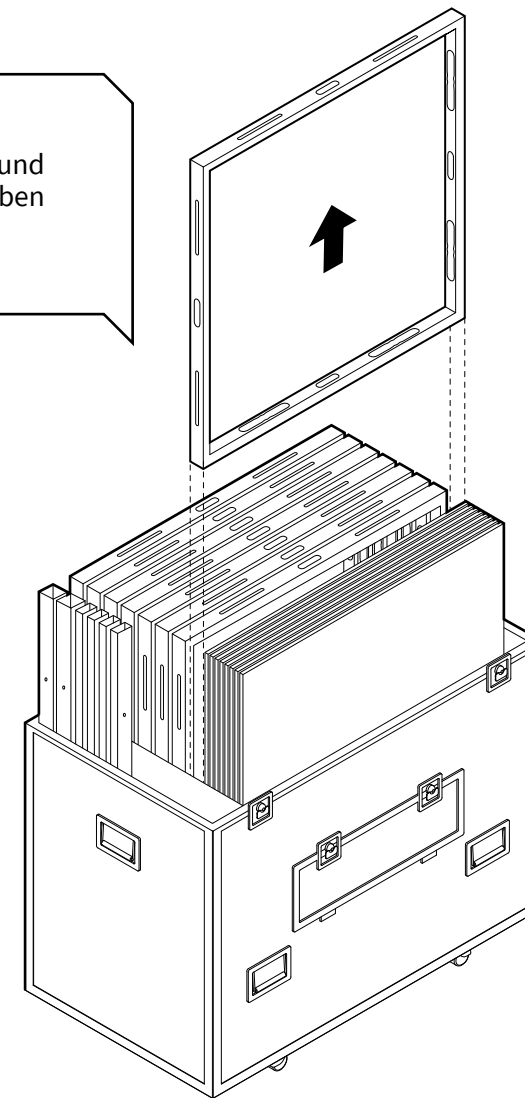

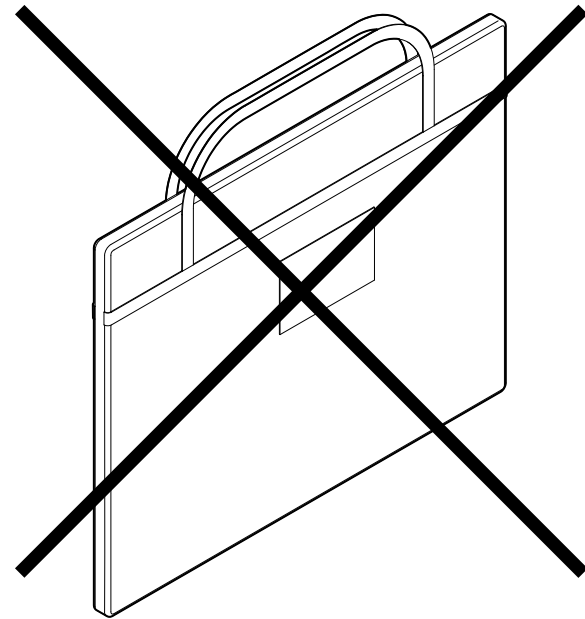

**Pro Tipp!**

Deckel immer zu zweit
abnehmen.

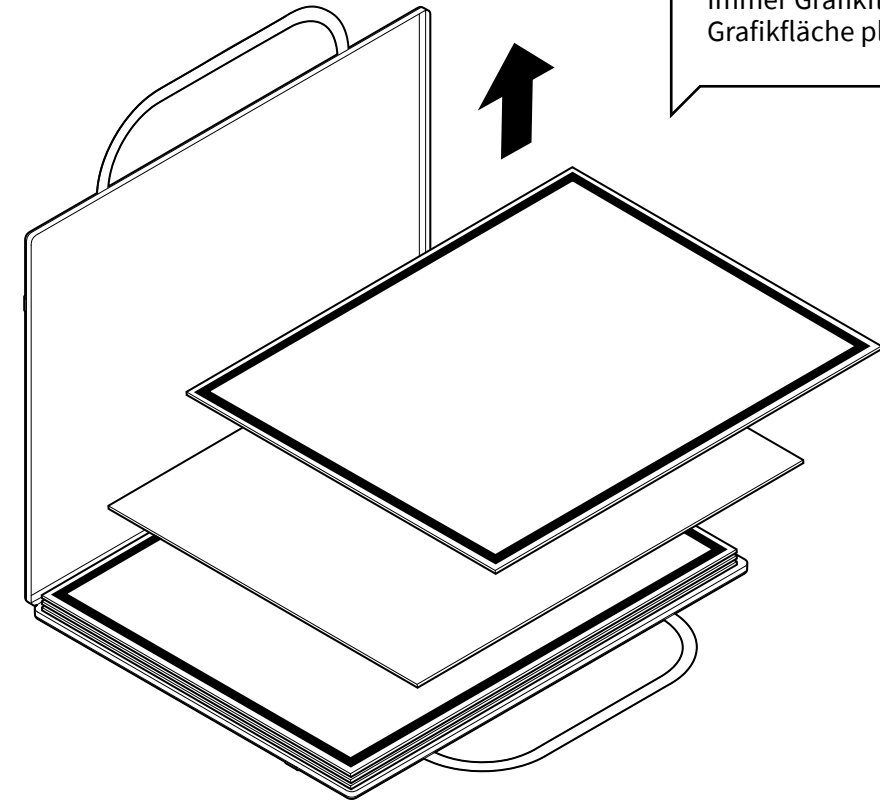

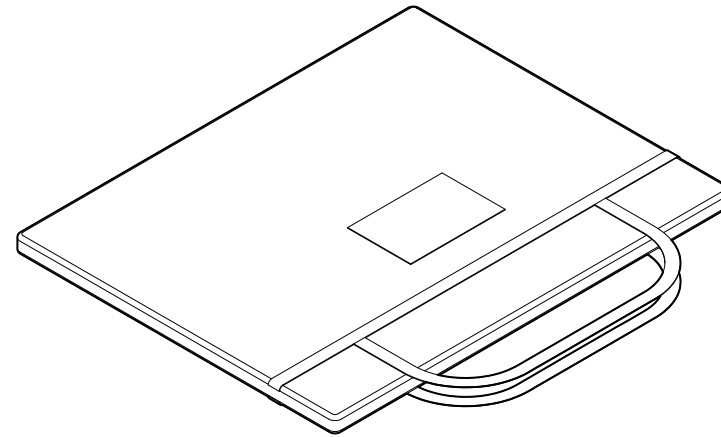

**Pro Tipp!**

Heben sie die Rahmen und
Pannele gerade nach oben
heraus, um Kratzer zu
vermeiden.

**Pro Tipp!**

Um Verformungen der Paneele vorzubeugen, die Paneeltasche nur liegend, nicht lehend ablegen.

**Pro Tipp!**

Immer Grafikfläche auf Grafikfläche platzieren!

Pro Tipp!

Um Kratzer zu vermeiden, die Paneele beim Herausnehmen nicht übereinander ziehen.
